Live the Road, Love the Ride

Every journey has a story waiting to be told, and our motorhomes are your perfect companions. Designed for the wanderer at heart, these agile and adaptable vehicles are built to navigate life's endless roads. Whether you're seeking out hidden trails or embracing the freedom of the open road, our motorhomes provide the comfort and flexibility to explore at your own pace. Set out on your next adventure and make every moment unforgettable.

Crafting Excellence, Driven by Passion

As a family-owned company with over 40 years of tradition, we take immense pride in our commitment to high-quality craftsmanship. In 2005, we expanded our legacy of expertise in crafting exceptional furniture, rooted in a deep connection to wood and nature, to the design and production of superior motorhomes. This expansion allowed us to bring our passion for quality and attention to detail into the world of motorhome manufacturing.

Every detail in our motorhomes reflects our dedication to excellence. We carefully select materials, including solid wood, to create interiors that are stylish, durable, and practical. Whether you're navigating remote mountain trails or cruising along the coast, our motorhomes are designed to offer all the comfort and reliability you need.

At Bravia mobil, we stand out because we genuinely understand the needs of our customers. Our engineers are avid travellers themselves, spending countless hours testing our products in real-world conditions. This hands-on approach allows us to refine our designs continually and introduce innovative solutions that enhance your travel experience. We are passionate about delivering the best, so you can enjoy your journey to the fullest.

Innovation Takes Shape Here

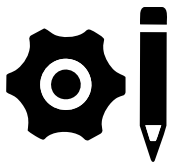

Our state-of-the-art production facility is a testament to our dedication to quality and innovation. Equipped with the latest technology, it enables us to enhance our craftsmanship and efficiency, ensuring that every motorhome we produce meets the highest standards. This is where our passion for excellence continues to thrive.

Designed for Your Journey

Choosing Bravia mobil means opting for unparalleled craftsmanship, durability, and comfort. Our motorhomes are built with meticulous attention to detail, using premium materials and innovative designs. With our commitment to excellence and rigorous real-world testing, we ensure your adventures are not just memorable, but also worry-free.

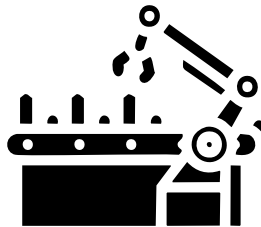

From Concept to Perfection

Our product journey begins with meticulous research and development, moves through precise production, and culminates in a top-tier final product.

RESEARCH

Innovative ideas are born from extensive research and testing, ensuring each design meets the highest standards of functionality and comfort.

PRODUCTION

Cutting-edge technology and skilled craftsmanship come together in our advanced facility, turning designs into high-quality, durable motorhomes.

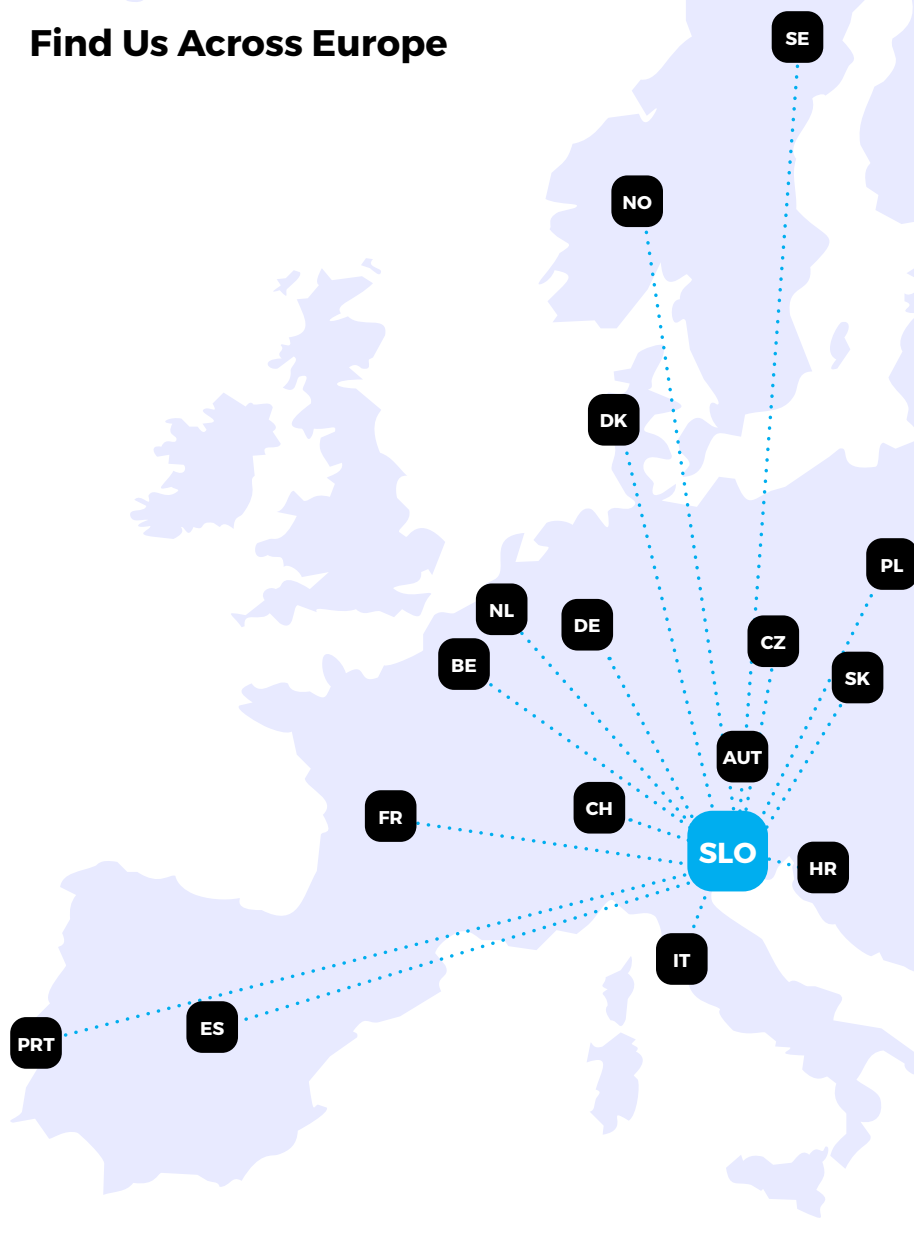

FINAL PRODUCT

Each motorhome undergoes rigorous quality checks to ensure it delivers exceptional performance, comfort, and reliability for your adventures.

Certified Excellence in Every Detail

We proudly hold the PSA Quality Certificate LEVEL 3, confirming our capability to fully transform vehicles with European homologation. Additionally, we adhere to ISO 9001, ISO 14001 and EcoVadis standards for consistent quality.

Find Us Across Europe

“

OUR VISION

We aim to revolutionize motorhome manufacturing by delivering high-quality, durable products that elevate performance and reliability, ensuring exceptional experiences for our customers worldwide.

enjoying freedom in nature.

Embrace the thrill of the open road with our compact and versatile motorhome, built for the adventurous spirit.

Its agile design combines convenience with a touch of luxury, making it perfect for impromptu getaways and outdoor activities. Whether you're navigating winding trails or relaxing at your favourite spot, this model ensures every journey is comfortable and exhilarating.

2+1+2 **POP**

2+1+2 **BUNK**

2+1+1 **TRIO**

Inside, you'll find a beautifully crafted interior designed with versatility in mind, offering a cosy yet functional space for all your journeys. The adaptable dining area serves as a comfortable hub for meals and relaxation, effortlessly transforming into an additional sleeping space.

Choose from six interior colour schemes and add an optional panoramic window to create an open, airy feel that's ideal for couples and young families.

The kitchen's design seamlessly combines convenience with elegance, located just behind the side doors for easy access. Enjoy a robust worktop, generous counter space, and top-of-the-line appliances from leading brands.

Smart storage solutions keep your essentials organized, while an extendable shelf adds extra workspace when required. A premium insect screen ensures a pleasant environment, offering comfort and protection on your journeys.

The thoughtfully designed bathroom and sleeping area ensure both comfort and convenience. The bathroom maximizes space with a combined shower and rotatable toilet, separated by a foldable partition, offering plenty of storage for personal items.

The sleeping area features a cosy double bed with a spacious storage compartment above, and extra storage beneath the bed, accessible from both inside and outside. Large windows on the side walls and roof enhance natural light and ventilation, creating a bright and airy retreat after your adventures.

599 POP

The optional extendable roof adds a new dimension to your motorhome, creating space for up to five sleepers. When raised, it provides a cosy upper area, perfect for kids to have their own private retreat, making every journey more enjoyable and fun.

599 BUNK

REAR DOUBLE BED

ADJUSTABLE BUNK BED
OVER THE REAR DOUBLE
BED

Featuring an electrically adjustable bunk bed over the rear double bed, the Swan 599 comfortably sleeps up to five. The innovative design maximizes sleeping space, while the optional front panoramic window adds to the open, airy atmosphere.

599 TRIO

Designed for even greater flexibility, the Swan 599 TRIO features an additional longitudinal single bed above the rear double bed. The rear sleeping area comfortably accommodates three people, while the convertible dinette provides a fourth berth, making this layout an ideal solution for families and adventurous travellers alike.

freedom to roam.

Explore a motorhome crafted for versatility and comfort, perfect for active travellers.

With its modular design, this mid-sized model adapts to your needs, offering plenty of room for your gear, whether it's bikes, kayaks, or skis. Enjoy a spacious and inviting interior that balances comfort with practicality, making it ideal for those who seek both adventure and relaxation on the road.

4

2+1+2 ^{POP}

Experience a welcoming interior where comfort and functionality converge. The living area is thoughtfully crafted to be spacious yet cosy, providing a perfect retreat after a day on the road. The practical layout features a comfortable dinette, ideal for dining and relaxation.

Thoughtful details, from high-quality materials to ample storage, ensure that everything you need is within reach. This inviting space is crafted to make every journey feel like home.

Blending style with practicality, the space centres around a well-equipped kitchen and a cosy dinette. The kitchen offers generous workspace and smart storage, making meal preparation simple and enjoyable.

The flexible and functional dinette offers a comfortable spot for enjoying meals and unwinding after a day of exploration. It also easily converts into an extra bed, enhancing the experience in the living area. Together, they create a harmonious living area designed for convenience and comfort.

The bathroom is thoughtfully designed with a movable partition that separates the shower from the rotatable toilet and sink, optimizing the use of space.

The sleeping area offers flexibility with two single beds that can be combined into a spacious double bed. For those needing extra room, the modular design allows for easy reconfiguration to accommodate larger items like bikes or kayaks.

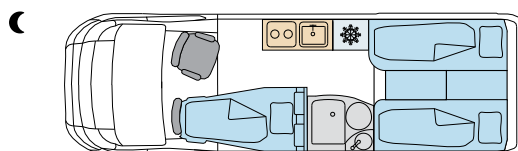

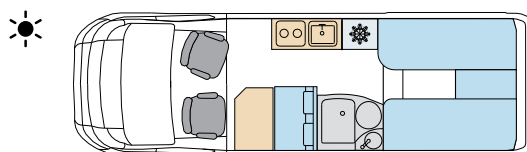

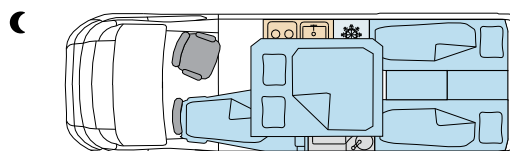

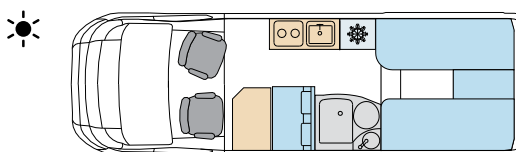

636 POP

Elevate your travel experience with the optional extendable roof, which creates a special space for children to enjoy their own private hideaway. This feature increases sleeping capacity to five, making it perfect for family adventures on the road.

2 + 1 + 2 POP

2 + 1 LIFT

2 + 1 4x4

Designed for relaxation and socializing, the living area is both spacious and versatile. The extendable dining table allows for easy expansion, accommodating extra guests or a larger meal spread.

Swivelling front seats add to the flexible seating options, while large windows fill the space with natural light. Modern design and high-quality materials create a cosy yet sophisticated atmosphere, perfect for unwinding on your travels.

Designed for convenience, the kitchen is equipped with high-quality appliances by leading brands and with smart storage solutions that make cooking on the road effortless and enjoyable. An extendable shelf provides extra workspace when needed, adding to the kitchen's practicality.

The dining area is thoughtfully arranged, providing a comfortable spot for enjoying your culinary delights or socializing. Together, the kitchen and dining areas enhance your experience with style and practicality, making it easy to relax and savor every moment of your journey.

Beneath the ceiling-mounted advanced AC unit, the sleeping area features two beds that can be combined into a large, comfortable double bed, offering a restful retreat.

The bathroom is designed for ultimate convenience, featuring a rotatable sink and toilet, along with a wooden non-slip insert on the floor that adds both style and safety. Every detail of this motorhome is crafted to ensure you can relax and refresh with ease, no matter where your journey takes you.

680 POP

Add a touch of magic to your motorhome with the optional pop-up roof! It opens up a snug upstairs hideout—perfect for little adventurers to call their own. With space for up to five sleepers, this model is built for families who dream big on the open road.

680 LIFT

Take your bikes along for the ride—no racks, no hassle. The 680 LIFT features a raised rear bed, cleverly designed to make room for two bicycles underneath. Whether you're chasing mountain trails or exploring city streets, your wheels are always ready when adventure calls.

680 4x4

The Swan 680 4x4 combines the proven layout of the Swan 680 with all-wheel drive, giving you the confidence to explore in every season. Double insulation ensures excellent thermal comfort, while the subtly redesigned furniture enhances both functionality and the sense of space.

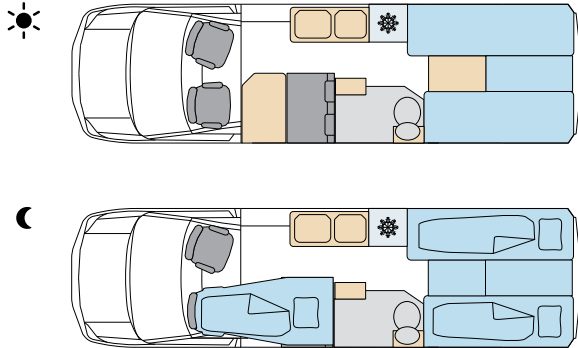

Whether you're travelling on snowy roads, gravel tracks or venturing off the beaten path, the Swan 680 4x4 is built for every adventure.
